

Updating a FAF Group

Modified on: Thu, 29 Nov, 2018 at 9:37 AM

1. Select a FAF Group from the **Company** drop down
2. Update the Fuel Adjustment Factor in the **Fuel %** drop down by typing in a new value
3. Click the **Save** button to apply your changes

Once a FAF group has been updated any clients who have been assigned to this FAF Group will updated also
